Have a Great Time, Year 5!

On Tuesday, Year 5 make their way to Sayers Croft for a week of fun and learning! For some of the children, it will be the longest time they will have been away from their parents. This can be quite a challenging experience for both children and parents. With that in mind, this is an important part of the children's learning in becoming independent, resourceful and determined individuals. Miss Molloy, Miss Reis and Mr Shaw will be in touch over the course of the week and I cannot wait to hear the exciting stories of their adventures when they return!

Children in Year 6 have been working incredibly hard this week. They have been preparing for the SATs by taking mock tests. This is an intense and challenging time in the children's lives so please, keep them in your prayers over the next fortnight.

I hope you all enjoy the Bank Holiday and the staff look forward to seeing the children again on **Tuesday 7th May**.

WEDNESDAY!

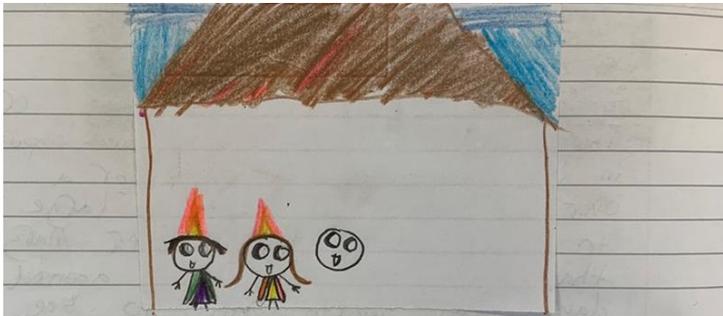

Our Wednesday Word for this week which links in with the Sunday Gospel is:

ROSARY

Children's Work – Year 3

In RE, Year 3 have been looking at the story of the Pentecost, the Christian holy day that celebrates the coming of the Holy Spirit 50 days after Easter. The children thought about the power of the Holy Spirit and how this affects us today. The children recounted the story of the Pentecost in their writing.

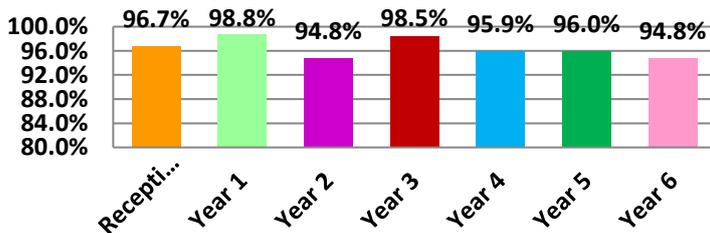

On Pentecost there was some people gathered then a very strong wind. After tongues of fire made everyone speak in different languages. Everyone jumped with joy and ran outside. They were feeling amazed.

This affects our beliefs in the Holy Spirit because we know that the Holy Spirit is very powerful and strong because it helped them to speak in different languages.

Environment Team's Top Tip

Wisteria blooms in London towards the end of April and into May, depending on weather conditions, and Chelsea and Kensington have some of the best spots in the city for this beautiful plant. See if you can spot some on Cheyne Walk, Bedford Gardens and Kynance Mews this Bank Holiday!

Pupil Voice

The **Big Battery Hunt** is an initiative run by Duracell and aims to encourage schools to collect as many **used batteries** as possible. Last year we managed to recycle 4 million batteries as part of a nationwide battery recycling initiative! Don't forget to bring your old batteries to school!

The **'Smartie Time'** Class Attendance Competitions is still underway! 1 smartie each day for full class attendance, 1 smartie each day for everyone being on time. Please note, the smarties are used for counting and will not be eaten at the end of the competitions!
