

The Christmas Tree Song

Choir 1

Verse 1

It's always such a shame to pack up the Christmas tree
The room begins to feel so bare
When once the tree was sitting there
No matter what the shape or size
How small or tall, thin or wide
All adds to the magic and the cheer
So why not have a Christmas tree all year?

Verse 2

It's always such a shame to pack up the Christmas tree
Away with tinsel and the shine
As lines of fairy lights untwine
No matter what the shade or hue
Yellow, red, green or blue
All adds to the magic and the cheer
So why not have a Christmas tree all year?

But before the tree is put to bed,
Hear a few words that might be said:

Chorus

Feliz Natal, Joyeux Noël
As ev'ryone wishes ev'ryone well
Frohe Weihnachten, God Jul
Here's hoping for a happy Yule
Crăciun Fericit, Nollaig Shona
Peace on earth for one another
Wesołych Świąt, Feliz Navidad
Tidings that are great and glad!

Bridge 1

Just the once will not suffice
So here it is not once, but twice:

Repeat Chorus

Bridge 2

Magic that is plain to see
All around the Christmas tree

Repeat Verse 1

Away with tinsel and the shine
As lines of fairy lights untwine
No matter what the shade or hue
Yellow, red, green or blue
All adds to the magic and the cheer
So why not have a Christmas tree?
Why not have a Christmas tree?
Oh, let's just have a Christmas tree all year

Merry Christmas!
