

## Enjoy the sunny weather!

This has been a very interesting half term, hasn't it? From experiencing a new way of learning on Google Classrooms to spending more time with your family. I just wanted to thank everyone for their continued support and encouragement in these challenging times. Please be assured of our continued best wishes and prayers for you all and the whole community of St Joseph's.

As always, if you would like to share any good news, celebrations, birthdays, messages or accomplishments with the school community, please write to [newsletter@stjosephs.rbkc.sch.uk](mailto:newsletter@stjosephs.rbkc.sch.uk).

Next week is half term. We wish you all a safe and happy weekend.

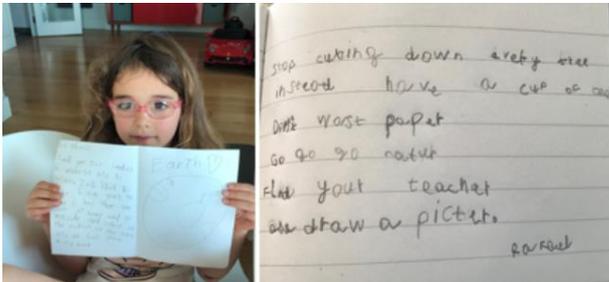

*Mrs Wyatt – Executive Headteacher*

### Laudato Si assignment.

This week is the 5<sup>th</sup> anniversary of Laudato Si where Pope Francis asked us to 'Take care of our common home.' We have marked this special anniversary by looking at different ways of how we can protect our environment and showing our love for the world by living together in harmony and caring for our nature.

Year 1 have been writing letters and poems about how we can care for our environment.

Rafael

Congratulations to Luis in Reception who has a new addition to his family. Welcome to the St Joseph's family, Claudia.

### Facts about Animals

Riley has been very busy with his non-fiction writing about animals. He has carried out some research work, has organised his writing using headings and bullet points and has written some interesting facts! He has also included lots of pictures/images in each slide. Lots of learning going on. Keep up the good work Riley!

### Baby Chicks

A student in Year 5 spotted an egg hatching and out came a baby cygnet (baby swan). While the mother was resting and waiting for her other babies to hatch, they were lucky enough to catch a quick photo of the daddy swan and the baby cygnet.

WEDNESDAY!

Our Wednesday Word for this week which links in with the Sunday Gospel is: **COMPASSION**

## Reception

This week in Reception, children have been working very hard to create their very own type of transport to end their topic, Travel and Transport.

First, children had to design what they wanted to create, before turning it into a 3D model.

There were some fantastic models being created such as cars that could fly!

One family at St Joseph's celebrated their daughter's name day by making these homemade cupcakes.

## Catholic Life

Ascension Day is the 40th day of **Easter**. It commemorates Jesus Christ's ascension into heaven. It was celebrated on Thursday 21st May. Even though Jesus ascended to heaven, he promised to send The Holy Spirit to guide and encourage us. Holy Spirit be with us, Amen.

## Who's Who at St Joseph's: Mrs Evans

Mrs Evans is our Year 6 teacher and Assistant Head Teacher. She is originally from Newcastle Upon-Tyne and spent a number of years in Hampshire before moving to London. She has been teaching for 12 years, having had a career change from being a police officer. She enjoys cooking and likes experimenting with different recipes. During lockdown she has been enjoying exploring 'hidden' areas of London when going out for her daily walks. She is very much looking forward to returning to school.

## Pupil Voice

Hi everyone,

I hope you have had a fabulous week.

I want to hear about all the things you have been doing to learn something new. Maybe a language, or an instrument or any great books you have read.

Please send any photos to [newsletter@stjosephs.rbkc.sch.uk](mailto:newsletter@stjosephs.rbkc.sch.uk)
